

LOWCOUNTRY PREPARATORY SCHOOL 2nd Grade Summer Reading

Summer is a great time to relax, refresh, and READ! There are so many good books just waiting for you. You will need to read at least ten books of your choice this summer.

Attached you will find a BINGO sheet to record the books that you read. I have recommended several authors and types of books for you. As you complete a book, please color in the matching box and list the book title on a separate sheet of paper.

You will need to complete a "Book Map" on a book of your choice. The instructions for this project are included. Please bring your "Book Map" with you on the first day of school.

2nd Grade Book Map

- A story map can show the setting of a story including the scenes of the important events. It can also show important landmarks.
- This map will help others picture the story in their minds.

Materials:

- large piece of paper or poster
- crayons, colored pencils, or markers

Directions:

- As you read your book take notes about the setting and important places.
- Make a map that shows the different places in your book. Connect the places with roads. Have fun drawing the many places in the story. Be sure to label each one.
- Draw the main characters somewhere on your map.
