

Español III: La práctica del verano

Students should complete a minimum of 40 minutes per week of Spanish work during the months of June and July, focusing primarily on reading and listening activities, in addition to vocabulary building and grammar review. I recommend doing four different activities per week. Using the attached log and the list of links below, please summarize what you read/watched/listened to in 1-2 sentences in **español avanzado****. You may use an online dictionary like *wordreference*, but no translators.

This is just a list to get you started. You may also listen to music, or maybe your travels this summer will take you to a restaurant where you can converse in Spanish with one of the owners! Please document any of these experiences that are not related to one of the links below with pictures!

Please direct any questions to Stephanie Walters, Middle and Upper School Spanish Teacher at swalters@lowcountryprep.org

This assignment is due on the first day of school, August 15th, and will constitute your first quiz grade of the 2018-19 school year.

¡Que tengan un verano fantástico!

****AVANZADO** means incorporating advanced grammatical constructions that you know like *el futuro*, *el imperfecto*, *el pretérito*, *el subjuntivo* in addition to sentences in *el presente* whenever possible. Remember sentence starters like *Según el texto*, *Según el autor*, *Este texto se trata de...*, etc. It is expected that you are able to use these advanced grammatical structures in class next year. If you need to review these structures, check out Study Spanish <https://studyspanish.com/grammar>, and for further drill work you can visit <https://www.quia.com/shared/spanish/>
