

Español II: La práctica del verano

During the summer, students should complete a minimum of 40 minutes per week of Spanish work during the months of June and July, focusing primarily on reading and listening activities, in addition to vocabulary building and grammar review. I recommend doing four different activities per week. Using the attached log and the list of links below, please tell me a little about what you read/watched/listened to, writing 1-2 sentences in Spanish. You may use an online dictionary like *wordreference* to help you, but no translators.

Examples:

Yo estudio el vocabulario de la familia.

Este video es acerca de una vaca.

En la canción, la foto, el video, hay...

Yo estudio los verbos, por ejemplo _____.

This is just a list to get you started. You may also listen to music in Spanish, or maybe your travels this summer will take you to a restaurant where you can converse in Spanish with one of the owners! Please document any of these experiences that are not related to one of the links below with pictures!

Please direct any questions to Stephanie Walters, Middle and Upper School Spanish Teacher at swalters@lowcountryprep.org

This assignment is due on the first day of school, August 15th, and will constitute your first quiz grade of the 2018-19 school year.

¡Que tengan un verano fantástico!
