

# Français II– La Pratique-L'été

During the summer, students should complete a minimum of 40 minutes per week of French work during the months of June and July, focusing primarily on reading and listening activities, in addition to vocabulary building and grammar review. I recommend doing four different activities per week. Using the attached log and the list of links below, please tell me a little about what you read/watched/listened to, writing 1 sentence in French. You may use an online dictionary like *wordreference* to help you, but no translators.

## Examples:

J'étudie le vocabulaire de la famille.

Le vidéo est à propos d'une vache.

Dans la chanson/la photo, le vidéo, il y a...

J'étudie les verbes, comme avoir.

This is just a list to get you started. You may also listen to French music, or maybe your travels this summer will take you to a French bakery where you can converse in French with one of the owners! Please document any of these experiences that are not related to one of the links below with pictures!

Please direct any questions to Abby Van Hoewyk, Upper School French Teacher at [avanhoewyk@lowcountryprep.org](mailto:avanhoewyk@lowcountryprep.org).

This assignment is due on the 1<sup>st</sup> day of school (August 15th), and will constitute your first quiz grade of the 2018-19 school year.

Je vous souhaite un été merveilleux!

MME V
