

LOWCOUNTRY PREPARATORY SCHOOL

The Ideal Learning Environment

Upper School Science Teacher

Lowcountry Preparatory School is an independent school that fosters the ideal learning environment by cultivating meaningful connections, providing enriching experiences and prioritizing a secure and supportive school culture. Each student is engaged through our broad array of programs as we prepare students to be confident leaders, critical thinkers, and responsible decision makers. We have approximately 200 students from kindergarten through 12th grade and are located on the beautiful Hammock Coast in Pawleys Island, South Carolina.

We are seeking a full-time Upper School Science Teacher to join our teaching faculty starting in August 2024. This position will be exempt and report directly to the Head of School.

Job Summary: The Upper School Science Teacher at Lowcountry Preparatory School is responsible for implementing a comprehensive and connected instructional program including course work in Life Science, Biology, AP Biology and AP Environmental Science. This role is pivotal in creating a positive and effective learning environment that aligns with the school's philosophy and goals.

Essential Duties:

- Classroom Instruction:
 - Create an engaging classroom environment that fosters a love for learning.
- Lesson Planning and Preparation:
 - Prepare lesson plans and curriculum materials in advance, incorporating a variety of instructional techniques to support student learning.
 - Set clear learning objectives for each lesson and guide the learning process towards the achievement of curriculum goals that are in line with the math program.
- Classroom Management
 - Expect students to maintain high standards of classroom decorum and behavior.
 - Foster a positive and respectful classroom atmosphere conducive to learning.
- Assessment and Reporting
 - Evaluate students through a broad range of assessments and demonstrate proficiency in carrying out hands-on labs.
 - Communicate effectively with parents about student progress.

LOWCOUNTRY PREPARATORY SCHOOL

The Ideal Learning Environment

- Professional Development
 - Continuously strive to enhance professional competence by staying updated on educational best practices.
- Collaboration
 - Attend staff meetings and actively participate in school committees or activities as required.
