

## How to use the rising 4<sup>th</sup> grade Math Summer Work Packet

In this packet, you will find:

- A Math Review of the Day calendars for June and July
- Student answer sheets for June and July
- Student workspaces for June and July

Instructions for completions:

- Each day, students find and solve the math problem that matches today's date.
- Use the corresponding workspace to work out the problem to show their work
- Then record the answer on the answer sheet, on the corresponding date.
